

TWU Housing: Helpful Hints

1. Have you paid your \$400 deposit? If so, you're ready to register!
2. Make sure all of your student information is correct. Don't know your student ID number, current division or current degree? Check with your admissions counsellor.
3. Read up on first-year dorm buildings: Douglas, Northwest and Fraser
4. When selecting "Housing Option," choose "Room and Board" unless you've spoken to your admissions counsellor about other options. (Apartment-style and Robson residences are only available for 3rd and 4th year students.)
5. Unsure of which meal plan to get?
 - If you're a local student choosing to live on campus but planning to eat at home on weekends and holidays, you should be fine with the light meal plan.
 - If you're an athlete, choose the Spartan plan.
 - If you don't fit the previous two options, we recommend the standard meal plan.
6. Don't know who you want to room with? Click "Clear" and skip this option.
7. When you fill out your profile, please rate yourself on who you are right now, not who you aspire to be when you're here. (Trust us, it'll make it easier to match you with a compatible roommate.)
